In Pursuit of Productivity

## Welcome to ITMA Barcelona!

We are pleased to invite you to our stand C114 in Hall 3 where we will have our complete portfolio of MES systems and sensors for the textile industry on display:

**WeaveMaster, KnitMaster, TuftMaster**  
MES systems for fabric formation

**SpinMaster**  
MES system for the spinning industry

**QualiMaster**  
System for on loom, grey and finished inspection and optimized cutting

**EnergyMaster**  
Monitoring of energy consumption

**Cyclops**  
Automatic on loom fabric inspection

**KFD**  
Sensor for detection of kinky fillings

**BarcoProfile**  
On line quality monitoring for OE spinning and air texturizing

**OptiTwist**  
On line quality monitoring for twisting machines

**OptiSpin**  
On line quality monitoring for ring spinning machines

## New developments & highlights:

**Easy systems platform**  
Low cost/high performance starter system

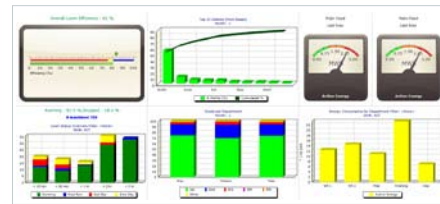

**Events & Alerts**  
Instant messaging in case of alarm conditions

**“Management dashboard”**  
All important KPI's available on one web page

**Cyclops 3 CF**  
Optimized for inspection of Carbon and Kevlar fabrics

**KFD**  
New sensor for detection of kinky filling on air jet looms

**EnergyMaster**  
Monitoring and lowering energy consumption and carbon footprint

**Interested?**

We are looking forward to meet you at our stand C114, Hall 3 and wish you a nice trip to Barcelona!
